

108th Annual Meeting of New York Section, AUA

Joint Meeting 1st Polish – American Urologic Congress Krakow, Poland

WSTĘPNY PROGRAM NAUKOWY (program może ulec zmianie)

**President, New York Section, AUA
Chairman of Urology, Jagiellonian University
President, American Urological Association
President, Polish Urological Association**

**Ihor S. Sawczuk, M.D.
Zygmunt Dobrowolski, M.D.
Datta G. Wagle, M.D.
Marek Sosnowski, M.D.**

Scientific Chairmen

**Ravi Munver, M.D.
James McKiernan M.D.**

Visiting Professors

**Gopal Badlani, M.D.
Leonard Gomella, M.D.
Michael Manyak, M.D.
Joachim Thuroff, M.D.
Johf Fitzpatrick, M.D.
Rolf Ackermann, M.D.**

MONDAY, OCTOBER 4TH 2010

Ihor Sawczuk Welcome from President, New York Section, AUA

Zygmunt Dobrowolski Welcome from Chairman of Urology, Jagiellonian University

Datta Wagle Welcome from President, AUA

Sosnowski Marek Welcome from President PUA

SESSION I: BENIGN PROSTATIC HYPERPLASIA

Moderators: (1) **Nicholas Romas** (2) **Zygmunt Dobrowolski**

Steven Kaplan:: Medical management of BPH – what's new?

Jaspreet Sandhu: The current state of laser prostatectomy: 2010 Update

Ivan Grunberger : A novel technique for benign prostate tissue ablation – the plasma vaporization electrode

Stanisław Stępień: Cure learning of Tm LEP enucleation BPH 500 cases S.I.

Tomasz Maliszewski: The diode laser 980 nm threatment of BPH vaporisation and vaporesection. Technique and results based on first 150 cases.

Tomasz Borkowski: Laparoscopic adenomectomy.

Gopal Badlani: New approaches in minimally invasive prostate procedures (30 min)

SESSION II: BLADDER CANCER

Moderators: (1) Michael Droller (2) Zygmunt Dobrowolski

Mitchel Benson: State of the art: Update on bladder cancer

Michael Droller: The value of urinary markers in screening and monitoring of bladder cancer

Zbigniew Jablonowski: P-16 and DAPK promotor methylation in patients with non-invasive urinary bladder cancer – quantitative analysis.

Muhammad Choudhury: Diagnosis and management of non-muscle invasive bladder tumor

Zygmunt Dobrowolski: Photodynamic diagnosis of bladder cancer

James McKiernan: Novel intravesical therapies for superficial bladder cancer

Muhammad Choudhury: Radiation induced secondary bladder cancer: fact or myth

Darracott Vaughan: Radical retropubic cystectomy

Piotr Chłosta: Laparoscopic cystectomy

Robert Weiss: Update on urinary diversions

Reza Ghavamian: Lymph node dissection in bladder cancer: Extent and feasibility in the minimally invasive era

Bernard Bochner: Contemporary outcomes following radical cystectomy: prognostic tools and complications

Bernard Bochner: Current status of perioperative chemotherapy for locally advanced invasive bladder cancer

Daniel Petrylak: Targeted therapy for metastatic bladder cancer

SESSION III: ADRENAL TUMORS / TESTIS CANCER / PENILE CANCER

Moderators: (1) (2) Marek Sosnowski

Pramod Sogani: State of the art: Evaluation and management of benign and malignant adrenal masses

Joel Sheinfeld: Lymphadenectomy for penile carcinoma: Patient selection and extent of surgery

Lee Richstone: LESS in Urology. Progress or chicanery

Tomasz Demkow: The predictive factors for the presence of lymph node metastases in modified inguinal lymphadenectomy in penile cancer patients.

TUESDAY, OCTOBER 5TH, 2010

SESSION IV: KIDNEY I

Moderators: (1) Paul Russo (2) Kazimierz Krajka

James McKiernan: Update on 2010 AJCC/UICC Staging system for kidney cancer

Paul Russo: Medical and oncologic rationale for partial nephrectomy for the treatment of small renal masses

Marcin Słojewski: The quicker the better? Experience of 82 laparoscopic partial nephrectomy.

Jerzy Sokółowski: Treatment of renal cell carcinoma with vena cava involvement

Louis Kavoussi: Preservation of renal function: Off-clamp laparoscopic partial nephrectomy

Mark Jordan: Urologic malignancies in renal transplant patients
Lee Richstone: Laparoscopic innovations: Instruments and techniques
Krzysztof Krzemieniecki: Resume of systematic therapy in kidney cancer.

SESSION V: MEN'S HEALTH

Moderators: (1) Harris Nagler (2) Andrzej Sikorski

Harry Fisch: The male biological clock
Harris Nagler: Modern management of infertility
David Shin: Nonsurgical treatment of male infertility
Harry Fisch: Varicocele— is there a best method?
Harris Nagler: Effects of treatment of urologic disorders on fertility
David Shin: Scientific rationale for penile rehabilitation after pelvic surgery
Frank Lowe: Review of genitalial manifestations of medical diseases
TBA: Updates on penile implants
TBA: Male menopause and testosterone replacement therapy
David Shin: Vasectomy: Past, present, future.
Frank Lowe: What I tell my patients about vitamins and supplement usage
Steven Kaplan: Complementary medicine in prostate health
Leonard Gomella: Prostate cancer and male osteoporosis (20 min)
David Shin: Cardiovascular disease and erectile dysfunction

Ash Tewari: Macroanatomy of the pelvis as it relates to continence and potency: Lessons learned from robotic radical prostatectomy

Agha Babanoury: History of Persian urology

SESSION VI: WOMEN'S HEALTH

Moderators: (1) Gopal Badlani (2) Piotr Radziszewski

Gopal Badlani State of the art: Pelvic floor reconstruction techniques (20 min)

Elizabeth Kavalier: Controversies in female urology and pelvic floor reconstruction

Yitzhak Berger: Surgical outcomes of sling surgery in women with mixed urinary incontinence (MUI)

Debra Fromer: Management of midurethral sling complications

Piotr Radziszewski: Shaping of the lower urinary track innervation with neurotoxins.

Jonathan Vapnek: Review of neurogenic bladder – principles and practice

Elizabeth Kavalier: Female sexual dysfunction: where are we now and where are we going?

Datta Wagle: AUA President Lecture (10 min)

WEDNESDAY, OCTOBER 6TH, 2010

SESSION VII: PROSTATE CANCER I

Moderators: (1) Leonard Gomella (2) Andrzej Borkowski

Datta Wagle: AUA PSA policy (20 min)

E D Vaughan: PSA: To screen or not to screen, that is the question

James McKiernan: Prostate cancer markers: Detection, monitoring and therapeutic management

Maciej Salagierski: Identyfication of ETS gene fusion using Affymetrix exon 1.0 ST array in noninvasive detection of prostate cancer.

Waclaw Lipczyński: Improving effectiveness of targeted transrectal core biopsy based on Magnetic Resonance spectroscopy Imaging

Andrzej Urbanik: Applications of Magnetic Resonance imaging in the evaluation of prostate cancer.

Leonard Gomella: Chemoprevention for Prostate Cancer (20 min)

Simon Hall: Active surveillance for low-risk prostate cancer

Michael Manyak: Molecular risk stratification techniques (20 min)

Kevin Basralian: Cryoablation for localized disease

Michael Palese: Focal cryoablation of the prostate

James Eastham: Reassessing the boundaries of PLND in prostate cancer

Panel: Management of Rising PSA: After definitive local therapy

After radical prostatectomy

After radiotherapy

SESSION VIII: PROSTATE CANCER II

Moderators: (1) **Michael Manyak** (2) **Tomasz Demkow**

Michael Manyak: Contemporary imaging studies for advanced or metastatic disease (20 min)

James Eastham: Radical prostatectomy in high-risk, clinically localized prostate cancer

Mitchell Benson: Multimodality therapy for high risk localized prostate

James Eastham: Management of radiation recurrent prostate cancer

Simon Hall: Clinical experience with immunotherapy for prostate cancer

Daniel Petrylak: New approaches to the treatment of castration resistant prostate cancer

John Fitzpatrick: The management of localised prostate cancer in senior adults.

SESSION IX: ROBOTIC TECHNOLOGY

Moderators: (1) Ash Tewari (2)

Arieh Shalhav: Robotic radical prostatectomy

Robert Weiss: Robotic cystectomy – Is it ready for prime time?

Ravi Munver: Robotic partial nephrectomy

Ketan Badani: Robotic pyeloplasty

Gregory Lovallo: Robotic sacrocolpopexy

THURSDAY, OCTOBER 7TH, 2010

SESSION X: UROLITHIASIS / ENDOUROLOGY

Moderators: (1) Majid Eshghi (2) Waldemar Róžański

Majid Eshghi: Management of Lower Pole Stones

R. Ernest Sosa: Stone Management in Obese Patients

Małgorzata Bąk: Comparing pathophysiological effect lithotripsy ureteral stones using lithoclast versus Holmium Laser.

Mantu Gupta: PCNL: Tube or no tube, that is the question

Ryszard Herbec: Complications of PCNL

Majid Eshghi: Endoscopic Treatment of Upper Tract Urothelial Carcinoma. What is new?

Michael Grasso: Update on endoscopic management of upper urinary tract TCCa

Mantu Gupta: Endourological management of upper tract TCC: tips and tricks

SESSION XI: KIDNEY II

Moderators: (1) Joachim Thuroff (2) Mark Jordan

Michael Palese: Ablative treatment of the small renal mass: Cryoablation and RFA

Arieh Shalhav: Partial nephrectomy outcomes: Open, laparoscopic, robotic, and LESS

Michael Grasso: Laparoscopic management of parenchymal renal tumors

Marcin Słojewski: Laparoscopic management of parenchymal renal tumors: Retroperitoneal approach

Louis Kavoussi: Is there a role for lymphadenectomy in renal tumors

Zygmunt Dobrowolski: Renal cell cancer with atrial involvement

Paul Russo: Targeted imaging for renal cell carcinoma

Daniel Petrylak: Targeted therapy for renal cell carcinoma

Joachim Thuroff: Are small renal tumors insignificant? Correlation of clinical and pathohistological features with tumor size.

Joachim Thuroff: SIU President Lecture

SESSION XII: VOIDING DYSFUNCTION

Moderators: (1) (2) **Zbigniew Wolski**

Gopal Badlani: Management of voiding dysfunction after GU therapy (including post-prostatectomy incontinence)

Jaspreet Sandhu: Managing post-prostate radiation voiding dysfunction

Tomasz Szopiński: Artificial urinary sphincters

Jonathan Vapnek: Intravesical Botulinum (Botox) – 2010 Update

Robert Waldbaum: Update on the status of the AUA Foundation

FRIDAY, OCTOBER 8TH, 2010

SESSION XIII: PROSTATE CANCER II

Moderators: (1) **Muhammad Choudhury** (2) **Romuald Zdrojowy**

Ash Tewari: Anatomical studies of tissue planes during minimally invasive prostatectomy

Ketan Badani: Health outcomes research: Robotic versus open radical prostatectomy

Reza Ghavamian: Complications of radical prostatectomy: Results of contemporary series

Robert Waldbaum: Brachytherapy for localized prostate cancer: a review

Glen Gejerman: State of the art: Radiation therapy for prostate cancer - Rationale, efficacy, and toxicity

Ivan Grunberger: HIFU: Prostate cancer

CLOSING COMMENTS:

R. Ernest Sosa: President-Elect, New York Section, AUA 2011 (5 min)

Zygmunt Dobrowolski: Chairman of Urology, Jagiellonian University (2.5 min)

Ihor Sawczuk: President, New York Section, AUA (2.5 min)
